

WEBINARIUM

Polish nuclear power programme - preparation of cooperation with the global sector of civil nuclear energy

Tuesday, November 16th, 2021

SESSION I

10:00 - 12:20

10:00 - 10:05

Opening

Bogdan Pilch – General Director – Polish Chamber of Power Industry and Environmental Protection (**IGEOS**)

10:05 - 10:20

Industrial strategy as a part of Polish Nuclear Power Programme

Andrzej Sidło - Chief Expert, Ministry of Climate and Environment Republic of Poland

10:20 - 10:45

The role of nuclear energy in the EU

Jessica Johnson - FORATOM, Belgium
Q&A (5 minutes included)

10:45 - 11:05

ITER – opportunities for business

Mehdi Daval - Fusion for Energy, Spain
Q&A (5 minutes included)

11:05 - 11:30

Offer of KUKI for Polish companies operating on foreign markets of the nuclear sector

Piotr Maciaszek - Director of the Insurance and International Relations Department, **KUKI**, Polska
Q&A (5 minutes included)

11:30 - 11:55

The importance of quality in nuclear power in the context of standards and certification

Ernest Staroń - Nuclear Safety&Security Department, **National Atomic Energy Agency**
Q&A (5 minutes included)

11:55 - 12:20

Solutions related to licencing of nuclear technology - codes/ norms/ standards

Dr. Thomas Riekert - Head of Nuclear Safety - **TÜV NORD EnSys GmbH & Co. KG**, Germany
Q&A (5 minutes included)

12:20 - 12:30 *break*

SESSION II 12:30 - 14:10

12:25 - 12:50 **Challenges and lessons learned for designing and supplying control rooms for nuclear power plants**

Mateo Ramos - Operation and Control Rooms Director - **Tecnatom**, Spain
Q&A (5 minutes included)

12:50 - 13:25 **Implementation and development of the local supply chain facing a FOAK reactor - challenges in a nuclear power plant construction for newcomers**

Fidel Sesumaga Gonzalez - **IDOM**, Spain
Q&A (5 minutes included)

13:25 - 14:00 **British experience with involvement of supply chain in nuclear projects and Fit4Nuclear service by NAMRC in UK**

Richard Everett - Head of Procurement **Rolls Royce**, United Kingdom
Q&A (5 minutes included)

14:00-14:25 **The specificity of nuclear energy - example of a project carried out by a Polish company in the context of technical and organizational requirements**

Wojciech Majka - CEO - **Ecol Sp. z o.o.**, Poland
Q&A (5 minutes included)

14:25-14:30 **Closing Remarks**

Bogdan Pilch – General Director – Polish Chamber of Power Industry and Environmental Protection (**IGEOS**)
